Lean Management Camp- 2 Days

Introduction:

Experience the philosophy of Lean in this action oriented workshop. Understand how smaller batch size allows for flexibility and shorter lead time. Speed up your service or product delivery with zero or minimal cost. You do this through *wastes* elimination by using Lean tools such as Value Stream Map, 5S, and Visual Management. Bring about the cultural change to your organization by adopting the House of Lean framework. Lead your team towards sustainable improvements and keep things in check with Lean KPI's.

Lean Management Camp

Objective:

1. Learn the underlying philosophy of Lean Manufacturing.
2. Establish common ground for Lean implementation through team efforts.
3. Able to view shop floor in terms of lead-time reduction, waste elimination and material flow.
4. Understand the approach to implementing Lean in their organisation through cultural change.
5. Learn to use Lean Key Performance for tracking productivity.

Suitable for:

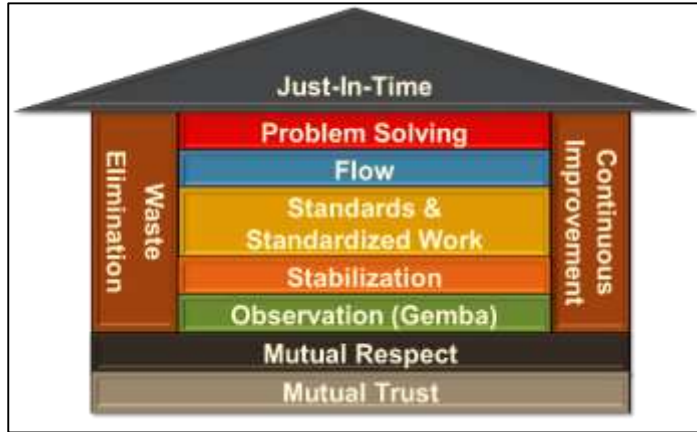

Managers and Executives involve in Operations; Production, Quality, Planning, Purchasing, Logistics, Warehouse, and HR Training.

Wong Chong Ming

Train the Trainer HRDF (TTT/17549)
Lean Six Sigma Black Belt, LSS Academy
B.Sc. Food Studies, UPM,
Diploma in Food Technology, POLISAS

CM Wong carries out Lean workshops and coaching sessions to facilitate organizational Lean transformation. This includes 5S, Lean simulations, Kaizen events, SMED workshops and Value Stream Mapping. He has over 12 years of hands-on experience implementing Lean with people on the production floor, up to management level bearing positive changes to the organizational culture and bottom line. Some highlights include:

- Deployed Lean programs for a leading local pharmaceutical group, both local and abroad facilities. Put in place various performance measurement tools to track Lean implementations at different stages of the manufacturing process.
- Coached multiple teams in carrying out VSM projects for oil & gas contract manufacturing company resulting in 40% lead time reduction.
- Facilitated Kaizen workshops for a leading local glove manufacturing facility and achieved over 45% capacity improvement with 30% headcount reduction.
- Conducted SMED workshop for chocolate manufacturing plant in China gaining 70% change over time improvement.
